OPTIONS

You have three options when it comes to personal ads.

1) **SOMEONE DESIGNING FOR YOU** – Minimum of 225 resolution, saved as .jpg, .psd, .eps, or .pdf format. Design your own and submit finished copy via flash drive or CD with payment. No money will be collected nor will a spot be saved without both money and design turned in at the same time. You can pay for and submit your finished design at yearbookforever.com or bring it to the high school.

2) **YEARBOOKFOREVER.COM** - WANT TO HAVE TOTAL CONTROL BUT DON'T HAVE SOFTWARE? – You can design and pay for your ad by using the tools found online at yearbookforever.com. You will be able to adjust and modify as you please.

3) **STUDENT DESIGN** - Choose a layout. An incomplete form will result in rejection until filled out correctly. Pictures must have your name and corresponding number on the back. We recommend you backup any pictures given to the journalism staff.

AFTER COMPLETION – APPROVAL (We will return pictures at this time): You must sign off on your ad, if you choose option 3, you must come in and verify that we used the correct: layout, pictures, text, and colors that you requested. Due to time constraints we limit corrections to these issues only. All other requests will be returned and refunded.
